### Program

## ADVANCED MANUFACTURING

300-hour training program

Tuition: \$2,700

Days: Tuesday & Thursday

Hours: 5:00 PM-9:00 PM

### Course Description

Advanced Manufacturing is a high-paying field that requires both technical knowledge and hands-on training. Students will learn to design and create metal objects that are useful in everyday life. Students will read blueprints, cut, shape and finish metal products on state-of-the-art manual and computer controlled machines. This program is accredited by NIMS (National Institute for Metalworking Skills).
