

BOTS IQ PREP COURSE

FOR HIGH SCHOOL STUDENTS

Class: HS Bots IQ prep course

Days: Monday nights

Dates: October 19, 2015 - January 4, 2016

OR October 19, 2015 - March 21, 2016

OR January 11, 2016 - March 21, 2016

Time: 4:00 PM - 8:00 PM, four hours

Sessions: 10 or 20

Hours: 40 or 80

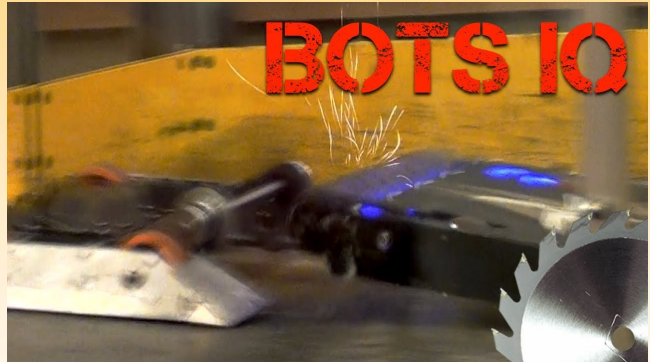

Location: Forbes Road Career and Technology Center

Cost per student: 10 sessions - \$600, 20 sessions - \$1,200

Prerequisite: Must be a high school student participating in the BOTS IQ program with experience or a general understanding of machining, engineering, or another field related to manufacturing.

Description: Candidates interested in robotics and preparing for the BOTS IQ competition will have the opportunity to get instructional assistance from an experienced instructor to build robots with the intention of battling another robot in the competition. The course will provide the student with an opportunity to work on their projects with guidance. The instructor will be prepared to assist and provide instruction in different aspects of CNC machining, CAD/CAM, engineering, math, project management and communication. **Students can choose between registering for 10 or 20 sessions.** Maximum number of students in a class: 10

Enrollment process: Please contact our office at 412.373.8100 x 253 for a registration form. High school students must have waivers signed by parents to participate in the program.
